(The Vedanta Kesari of November - 2001)

When I started searching  
For God in the books  
I could find knowledge, but not Him!

When I started searching  
For God in the Church and temple  
I could find His image and not Him!

When I started searching  
For God in nature  
I could see His actions and power!

When I started searching  
For God in the living  
I could see His blessings!

When I started searching  
For God in my heart  
There He is, smiling!
